DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114.

Applicant's submission(s) filed on 10/19/07 and 11/27/07 has been entered.

2. Claims 1-5 and 7-8 are currently pending

3. Claim 6 has been cancelled.

Response to Amendment

4. Applicant's amendments to claims 1 as well as the arguments presented have overcome the rejection of claims 1-5 and 7-8 under 35 USC 103(a) over Furukawa ('704) and Wang ('840) in view of Grill ('725) and Gardner ('379); therefore, Examiner has withdrawn this rejection.

Allowable Subject Matter

5. The following is an examiner's statement of reasons for allowance: Claim 1 has been amended to include the limitation where the IMD layer is deposited on the lower metal line pattern including the sidewalls of the lower metal line pattern, the lower insulating layer and the nitride film thereby forming an air gap within the IMD layer between lines in the lower metal line pattern. Therefore, claims 1-5 and 7-8 are allowable because the prior art fails to disclose a process of forming a metal line where an air gap is formed within an IMD layer between lines in a lower metal line pattern.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
